

Law360 Quotes Ally Cunningham on Potential Environmental Policy Changes in 2022

January 3, 2022

Partner Ally Cunningham is quoted in the *Law360* article, "Biggest Environmental Policy Actions To Watch In 2022." The article outlines potential environmental regulations that may be implemented in the coming year, including increased regulations on PFAS such as designating some substances as a hazard under the Comprehensive Environmental Response, Compensation and Liability Act and regulating PFAS as hazardous waste under the Resource Conservation and Recovery Act. Ally states in the article, "It is difficult to emphasize how the hazardous substance designation will explode PFAS liability across industries previously untouched by this issue."
