EnGage is a government relations and consulting firm dedicated to achieving success with results and superior client service.

EnGage has assembled an experienced team of professionals who work on a bipartisan basis to secure policy and business victories within the federal agencies and on Capitol Hill.

With decades of political advocacy across the team, EnGage harnesses this experience to provide expert services in several key policy areas, including Transportation, Energy, Green Technology, Homeland Security, Higher Education, Housing, and other federal issues impacting local government entities.
