Annemarie Vicere

Counsel | annemarie.vicere@lathropgpm.com

Annemarie Vicere's practice emphasizes domestic and foreign patent prosecution, domestic trade prosecution, and intellectual property management and counseling. She represents a broad spectrum of clients, assisting Fortune 500 high-tech companies with established patent portfolios and small businesses building a new portfolio.

Her technical knowledge includes:

- Artificial Intelligence and Machine Learning
- Aerospace
- Autonomous Vehicles
- Peripheral and Embedded Devices
- Electronic Equipment
- Computer Science
- Electric Circuitry
- Graphical User Interfaces
- Satellite Imaging
- Healthcare
- Finance and
- Oilfield Services

With more than 15 years of experience handling patent prosecution, Annemarie has successfully obtained both utility and design patents for clients in a wide range of technologies. In computer-related technologies, she has extensive experience with inventions, ranging from circuit design and peripheral devices to various levels of software, including lower-machine learning frameworks, operating system level applications, compilers, networking, and user-level applications

including software tools, oilfield simulation software, and graphical user interfaces.

Believing that intellectual property strategies should support a business's goals, Annemarie has a wealth of experience with intellectual property counseling. Annemarie works with clients to develop global patenting strategies, draft license agreements, perform software copyright registrations, conduct infringement and invalidity analyses, and more.

With respect to domestic trademark prosecution, she has experience selecting appropriate classes and descriptions for clients' goods and services, as well as completing numerous filings and prosecuting trademark applications with the United States Patent and Trademark Office.

Community is important to Annemarie. In an effort to narrow the learning gap, Annemarie is a volunteer math tutor providing free tutoring services to low-income students.
