

Numerous Media Outlets Feature Lathrop GPM's "Food Processing Trends, Outlook and Guidance Report"

July 2021

The "Food Processing Trends, Outlook and Guidance Report" by Lathrop GPM includes feedback from agribusiness leaders on risk management issues affecting their companies. The report reveals an anticipated increase of food-safety claims and potential gaps in preparation, including insurance coverage, PFAS regulations and other business processes. The report has been featured in numerous media outlets, including *Quality Assurance & Food Safety*, *Food Safety Magazine*, *Business Insurance*, *Feedstuffs*, *Food Dive*, *Food Industry Executive*, *Insurance Journal*, *Food Manufacturing* and *Food Quality & Safety*.
